## **Navis TubeTex signs long term lease extension and announces plant and office renovations at Global Headquarters**

October 10, 2010

Lexington, NC USA - Navis Tubetex, the leading global manufacturer of textile finishing machinery, has announced that a 15 year lease extension has been signed for its manufacturing and headquarters facility in Lexington, NC. Additionally, Navis Tubetex has announced that it will be performing major renovations to the facility. In a statement, President and Chief Executive Officer Will Motchar noted “We are pleased to announce the long term commitment that we are making to North Carolina and Lexington in particular. We will continue to house our Global Headquarters and manufacturing operations at this facility”. Work will soon begin on completely renovating the office space along with improvements in the 90,000 sq. ft. manufacturing facility.
